---

**Dr. Denton A. Cooley** is President and Surgeon-in-Chief of the Texas Heart Institute as well as Chief of the Cardiovascular Surgery Service at St. Luke's Episcopal Hospital in Houston. He received his medical degree at Johns Hopkins University and was a member of the full-time faculty of Baylor College of Medicine until 1969 when he left to become Surgeon-in-Chief at the Texas Heart Institute. Dr. Cooley and his team have performed over 100,000 open heart operations. Dr. Cooley is a member of the American Board of Surgery, The American Association for Thoracic Surgery, and The Society of Thoracic Surgeons, to name just a few.

---

**Dr. Ralph J. Damiano, Jr.** is the chief of cardiac surgery and the John Shoenberg Professor of Surgery in the Division of Cardiothoracic Surgery at Washington University School of Medicine in St. Louis. He received his medical degree at Duke University Medical School and prior to coming to Washington University, was Chief of Cardiothoracic Surgery at Penn State. Dr. Damiano is well-known as having performed the first robotically-assisted coronary artery bypass procedure in North America, as well as having completed the world's first clinical trial for robotically assisted endoscopic coronary artery bypass grafting. He is a member of multiple surgical societies, including the American Association for Thoracic Surgery, the Society of Thoracic Surgeons, and the International Society for Minimally Invasive Cardiothoracic Surgery.
It is the policy of Baylor College of Medicine (Baylor) that the provider and faculty/presenters disclose any significant financial or other relationships with commercial companies whose products may be discussed in the activity, or the commercial supporters, if any. Baylor also requires that faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Faculty, topics, program schedule, and credit are subject to change.

Audiotaping or videotaping is prohibited without written permission from the Program Director and the Office of Continuing Medical Education, Baylor College of Medicine Houston, Texas.
Course Faculty

Faisal G. Bakaeen, M.D.
Assistant Professor - Cardiothoracic Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

John Bozinovski, M.D.
Cardiothoracic Surgery Fellow
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

James Bromberg, M.D., J.D.
Kroger, Myers, Frisby & Hirsch

William E. Cohn, M.D.
Associate Professor
Transplant and Assist Devices
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

Denton A. Cooley, M.D.
President and Surgeon-in-Chief
The Texas Heart Institute

Joseph S. Coselli, M.D.
Professor and Chief - Cardiothoracic Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

Ralph J. Damiano, Jr., M.D.
Professor and Chief of Cardiac Surgery
Division of Cardiac Surgery
Washington University School of Medicine - St. Louis

Todd M. Dewey, M.D.
Cardiothoracic Surgery
Private Practice

Mark A. Farber, M.D.
Assistant Professor - Vascular Surgery
Department of Surgery
University of North Carolina at Chapel Hill

Charles D. Fraser, Jr., M.D.
Professor and Chief
Congenital Heart Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

A. Marc Gillinov, M.D.
Staff Surgeon - Thoracic and Cardiovascular Surgery
The Cleveland Clinic Foundation

Sheila Goodnight-White, M.D.
Associate Professor of Medicine
Baylor College of Medicine

Jeffrey S. Heimb, M.D.
Assistant Professor
Congenital Heart Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

Wayne Hofstetter, M.D.
Assistant Professor
Thoracic and Cardiovascular Surgery
MD Anderson Cancer Center

Joseph HuH, M.D.
Assistant Professor - Cardiothoracic Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

Gerald M. Lawrie, M.D.
Texas Surgical Associates
Clinical Professor of Surgery
Baylor College of Medicine

Scott A. LeMaire, M.D.
Associate Professor - Cardiothoracic Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

Matthias Loebel, M.D., Ph.D.
Associate Professor
Transplant and Assist Devices
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

William W. Lunn, M.D.
Assistant Professor
Director, Interventional Pulmonary
Baylor College of Medicine

Roderick G. MacArthur, M.D.
Division of Cardiac Surgery
Department of Surgery
University of Alberta

Kenneth L. Mattox, M.D.
Professor and Vice Chairman
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

E. Dean McKenzie, M.D.
Assistant Professor
Congenital Heart Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

Jeannette MeNell, Dr.Ph., NP-C, AOCN
Professor, Chair, Target Populations
Dept. of Target Populations
Oncology Division
The University of Texas Health Science Center - Houston School of Nursing

Rezza J. Mehran, M.D.
Associate Professor
Thoracic and Cardiovascular Surgery
MD Anderson Cancer Center

David L. Morales, M.D.
Instructor - Congenital Heart Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

George P. Noon, M.D.
Professor and Chief
Transplant and Assist Devices
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

David C. Rice, M.D.
Assistant Professor
Thoracic and Cardiovascular Surgery
MD Anderson Cancer Center

Jack A. Roth, M.D.
Chair, Thoracic and Cardiovascular Surgery
MD Anderson Cancer Center

George J. Reul, M.D.
Associate Chief of Surgery
Texas Heart Institute

Steven Sutton, C.C.P., L.P.
Cardiovascular Support Services

W. Roy Smythe, M.D.
Chairman - Department of Surgery
Scott & White Clinic
Texas A&M University

Stephen G. Swisher, M.D.
Associate Professor
Thoracic and Cardiovascular Surgery
MD Anderson Cancer Center

Robert W. Thompson, M.D.
Professor - Vascular Surgery Section
Washington University School of Medicine - St. Louis

Ara Vaporciyan, M.D.
Assistant Professor
Thoracic and Cardiovascular Surgery
MD Anderson Cancer Center

Michael A. Wait, M.D.
Associate Professor
Division of Cardiothoracic Surgery
The University of Texas Southwestern Medical Center at Dallas

Matthew J. Wall, Jr., M.D.
Professor - Cardiothoracic Surgery
Michael E. DeBakey Department of Surgery
Baylor College of Medicine

Garrett L. Walsh, M.D.
Professor
Thoracic and Cardiovascular Surgery
MD Anderson Cancer Center

Joseph B. Zwischenberger, M.D.
Professor - Cardiothoracic Surgery
University of Texas Medical Branch-Galveston
Needs and Goals

Cardiothoracic and vascular surgery are continuously changing and developing fields, with new understandings of pathology evolving into new modalities for treatment. There is a need for physicians, nurses, perfusionists, and physician assistants dealing with cardiovascular diseases to be updated on an ongoing basis on the etiology, functional abnormalities, disease processes, and state-of-the-art therapies in a broad range of cardiothoracic areas, ranging from cardiac and aortic surgery to lung cancer and congenital heart disease, including post-op pain management and secondary prevention issues.

Objectives

At the conclusion of the activity, the participant should be able to:

- Identify the current treatment trends for and recognize risk factors associated with cardiovascular thoracic disease
- List the newest surgical and device treatments for coronary artery disease
- State the current technological advances and innovations in assist devices used in cardiac surgery, including cardiac transplantation
- Summarize the natural history, pathology, and treatment of aortic aneurysms and their outcomes
- Explain the current status of multi-modality treatment of thoracic malignancies
- Outline the current treatments available for pediatric congenital heart diseases
- Describe recommended pain management for cardiovascular patients
- Describe the latest techniques and procedures utilized to treat cardiovascular disease and their incorporation into the practice of perfusion

Target Audience

Cardiac Surgeons, Thoracic Surgeons, Vascular Surgeons, Transplant Surgeons, Cardiologists, General Surgeons, Internists, Family Practice Physicians, Physicians Assistants, Nurses, Perfusionists, Residents and Fellows

Educational Methods

Lectures ▪ Case Presentations ▪ Audio/Visual Presentations ▪ Panel Discussion ▪ Question and Answer Sessions ▪ Poster Session

Evaluation

Evaluation by questionnaire will address program content, presentation, and possible bias.
Accreditation/Credit Designation  Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

Baylor College of Medicine designates this educational activity for a maximum of 15.0 category 1 credits toward the AMA Physician’s Recognition Award. Each physician should claim only those credits that he/she actually spent in the educational activity.

The American Medical Association has determined that physicians not licensed in the U.S. who participate in this CME activity are eligible for AMA PRA category 1 credit.

Nursing Accreditation/Credit Designation  18.5 contact hours will be awarded for successful completion of this activity. St. Luke's Episcopal Hospital Department of Nursing & Patient Education is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This activity meets Type I criteria for mandatory continuing education requirements toward relicensure as established by the Board of Nurse Examiners for the State of Texas. To receive a certificate of completion with awarded contact hours, you are required to sign in at registration, attend the entire program, and return the completed evaluation form.

Perfusion Credit Designation  The American Board of Cardiovascular Perfusion designates this continuing education activity for a maximum of 19.5 category 1 credits.

CALL FOR ABSTRACTS FOR POSTER PRESENTATION  DEADLINE MARCH 15, 2005

· The organizing committee will review and select abstracts for poster display and publication in the meeting syllabus.
· Material previously presented elsewhere is acceptable.
· Abstracts should be submitted in the following format:
  o All abstracts must be in English and typed as a Word document using 10-point or larger font.
  o Use bold type for the title.
  o List the authors and associated institutions below the title.
  o The body of the abstract must include sections entitled Purpose, Methods, Results and Conclusions.
  o Abbreviations may be used, but must be defined the first time they are used.
  o Please limit the abstract to 500 words, excluding title, authors and institutions.
· Submit each abstract as an e-mail attachment - send to astolz@bcm.tmc.edu
  o Use "CTCS 2005 Abstract Submission" in the subject line of your e-mail to identify it properly
· Abstracts must be received by 11:59 PM CST on March 15, 2005.
· Participant will be notified of abstract acceptance by e-mail.
Fee, Registration & Confirmation Information

Breakfasts, breaks, luncheons, and a conference syllabus are included in the registration fee.

Refer to the registration form for the fee schedule. Your registration will not be processed until payment is received. Your registration will be confirmed. If you have not received confirmation at least 5 business days before the activity start date, contact the Office of Continuing Medical Education (OCME) immediately.

If you plan to register on-site, contact OCME at least 24 hours in advance to confirm activity status and space availability. The OCME reserves the right to limit the number of participants in an activity and will not be responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

To register online and pay by credit card, visit the activity website at http://cme.bcm.tmc.edu/1301 and follow the instructions.

Refund & Activity Cancellation Policy
The Office of Continuing Medical Education (OCME) must receive written notification of a refund request postmarked no later than 10 business days prior to the scheduled activity date. A $50.00 fee will be deducted from the registration fee paid to cover processing charges. Late requests will not be processed.

The OCME reserves the right to cancel activities, not less than 10 business days prior to the scheduled date, if low enrollment or other circumstances make it necessary. Each registrant will be notified at the contact number indicated on the registration form followed by written notification. In the case of activity cancellation, OCME’s liability is limited to the registration fee paid.

Conference Location/Accommodations
Hilton Americas - Houston
1600 Lamar Street, Houston, Texas 77010
Reservations: 800.236.2905
Direct: 713.739.8000
Fax: 713.739.8007

Accommodations should be arranged directly with the Hilton Americas-Houston prior to April 7, 2005. Reservations made after that date are subject to availability. Please identify yourself with the Baylor College of Medicine Current Trends in Cardiotoracic Surgery Conference when making reservations in order to benefit from the special group rate ($129.00 single/double).

With your registration, you may make reservations at the above rate for the following dates: April 7 – April 9, 2005. Reservations made after these dates are subject to room rates.

On April 8, 2005, there will be a social event at the Houstonian Hotel. Everyone is invited to attend. More information will be provided at a later date. A special rate of $119.00 single/double is available for attendees at this event. Please make your reservations directly with the hotel and mention the special rate that has been negotiated by the OCME.

Enjoy the Houston Astros at Minute Maid Park!
While you're in town for the conference, enjoy a game in the Bayou City’s landmark ballpark, complete with its 242-foot high retractable roof. The Astros will play the Chicago Cubs at 7:05 PM on Friday, April 29th, 6:05 PM on Saturday, April 30th, and 1:05 PM on Sunday, May 1st. It's a great reason to stay over in Houston another day! For tickets, call 1-800-ASTROS2, or visit their website at www.astros.com.
